PROFILE

Python Django Developer with 2+ years of experience in backend development using Django and Django REST Framework (DRF), specializing in RESTful APIs and scalable web applications. Proficient in Python and backend optimization.

Experienced in HTML, CSS, and JavaScript, with basic knowledge of React.js. Strong in PostgreSQL/MySQL database design, query optimization, and data processing, including web scraping with Selenium and BeautifulSoup.

Skilled in Git and GitHub, with basic knowledge of CI/CD, AWS (EC2, S3), and Linux environments. Familiar with authentication (JWT, OAuth) and security best practices, focused on writing clean, efficient, and maintainable code.

EXPERIENCE

NeoSOFT Pvt. Ltd., *Software Engineer (Python)*

06/2025 – Present

Pune, Maharastra

- Developed scalable backend systems using Python, Django, and Django REST Framework (DRF)
- Designed and optimized RESTful APIs, improving response time and performance
- Processed and analyzed data using Pandas for business workflows
- Implemented authentication and security mechanisms (JWT/OAuth)
- Performed debugging, testing, and performance tuning of applications
- Collaborated with frontend and cross-functional teams to deliver production-ready features

Krima Solutions, *Python Django Developer*

03/2024 – 05/2025

Mumbai, Maharastra,

India

- Built and maintained web applications using Django and DRF
- Developed REST APIs and integrated frontend using HTML, CSS, and JavaScript
- Managed databases (PostgreSQL/MySQL) with optimized queries
- Automated data extraction and processing using Python (Pandas, Openpyxl)
- Deployed applications on AWS and managed version control using Git/GitHub
- Implemented user authentication and improved application security

PROJECTS

ami-djAPI-analyzing (PyPI Package – Django Performance Analysis Middleware)

- Developed a lightweight Django middleware for monitoring SQL queries and API performance
- Detects N+1 queries, duplicate queries, slow queries, and potential missing indexes
- Captures all SQL queries per request and provides detailed profiling via response headers and API responses
- Analyzes database execution time vs total response time for performance optimization
- Implemented performance scoring system (A–F) and request history tracking with memory usage monitoring
- Generates EXPLAIN plans for slow queries and supports step-by-step execution profiling
- Added encrypted performance payloads in response headers for secure diagnostics
- Published on PyPI with 1000+ downloads, demonstrating real-world usage

PyPI: <https://pypi.org/project/ami-djAPI-analyzing/> 

AmiVibe (Personal Project – WebSockets & Django Channels Learning)

- Developed a full-stack social media web application to explore real-time communication using Django Channels and WebSockets
- Implemented user authentication (register, login, logout) and profile management
- Built real-time chat system with send/accept chat request functionality
- Developed post features including upload, like, and comment system
- Designed responsive UI using HTML, CSS, and JavaScript
- Deployed application on Render platform

Tech Stack: Python, Django, Django REST Framework, Django Channels, WebSockets, HTML, CSS, JavaScript

Rightwrite Website (Client Project – Krima Solutions)

- Developed and deployed a production-ready website for a client during internship
- Built backend functionalities using Django and integrated frontend components
- Collaborated with team members to deliver project requirements within deadlines

Tech Stack: Python, Django, HTML, CSS, JavaScript, GoDaddy Hosting

SKILLS

Languages (Python, SQL, JavaScript) | **Frameworks** (Django, Django REST Framework (DRF)) | **Frontend** (HTML, CSS, JavaScript (Basic React.js)) | **Databases** (PostgreSQL, MySQL) | **Tools & Technologies** (Git, GitHub, AWS (EC2, S3), Docker (Basic), Linux (Basic)) | **Libraries** (Pandas, BeautifulSoup, Selenium, Openpyxl) | **Other Skills** (REST API Development, Web Scraping, Data Processing, CI/CD (Basic))

EDUCATION

Govt. Polytechnic College Satna, *Diploma - Mechanical Engg.* Satna, (M.P)

Govt. Boys Higher Secondary School , Birsinghpur, *HSC* Satna, (M.P)

COURSES

Master In Full Stack Web Development With AWS, *IT Vedant Institute* Thane, India

CERTIFICATES

Master In Full Stack Web Development With AWS (IT Vedant Institute, Thane, India) | **Python & Django Framework** (IT Vedant Institute, Thane, India) | **Python For Web Development** (CEPYT1IN, Provided By IBMCEP) | **AWS Cloud Practitioner (AWS C21)** (IT Vedant Institute, Thane, India) | **Basic & Advance Web Design** (IT Vedant Institute, Thane, India) | **Fundamental & Advance SQL** (IT Vedant Institute, Thane, India) | **MERN Essential** (IT Vedant Institute, Thane, India)

LANGUAGES

Hindi (Native/Fluent) | **English** (Intermediate/Conversational)
